Premium enjoyment

Nothing tastes fresher, nothing tastes better than a WARSTEINER beer straight from the barrel. Enjoy a fresh WARSTEINER Premium Verum or one of our other WARSTEINER beer specialties.

WARSTEINER WORLD

Get a firsthand glimpse of how one of the best beers of our time is brewed.

The Warsteiner brewery at Waldpark, one of the most modern breweries in Europe, was designed right from the start as a brewery that welcomes visitors. Because anyone who invests so much care and attention in brewing a premium class Pilsener beer won't mind having others watch over their shoulders.

Our visitor train will take you on a 60-minute guided tour around all the different brewing stages: the mash tun, clarification vat, wort copper, whirlpool, fermentation tank, storage tank, filtration and bottling. Step by step you will experience how Germany's favorite beverage is produced from our choice ingredients. A modern on-board information system tells you everything you want to know in text and images on big flat screens.

Opening times:
February – December
Monday – Saturday

WARSTEINER WORLD opens to visitors at 10:00 am. Guided tours are provided at 10:00, 12:00, 14:00 and 16:00, on request and subject to availability.
